Manno Renato (FIJLKAM Scientific Technical Committee Coordinator)

Maussier Nicole (Member of FIJLKAM Scientific Technical Committee)

Morales Aznar Josè (EJU Scientific Commission)

Sbriccoli Paola (Professor at the University of Rome "Foro Italico")

ORGANIZATIONAL COMMITTEE

Nicole Maussier (Organizational Manager)

Alessandro Comi (FIJLKAM National Judo Manager)

Stefano Piccoli (FIJLKAM Referee Manager)

Gennaro Muscariello (President of the National Commission for Athletes with Disabilities)

Paola Baroncelli (Member of the FIJLKAM National Commission for the Disabled)

Fabio La Malfa (FIJLKAM/FISDIR Course Teacher)

Dominic Aloisio (FIJLKAM Sports Area)

Luca Celotto (FIJLKAM Training)

Simone Reale (Office for the National Commission for Athletes with disabilities)

PARTNER

European Judo Union

University of Rome Foro Italico

SPONSORSHIPS

Italian Paralympic Committee

Italian Paralympic Sports Federation for Persons with Intellectual-Relational Disability

THEME OF THE CONFERENCE

Intellectual-relational disability is a widespread condition, which appears to be growing among the younger generations and represents approximately 80% of the disabilities worldwide. Scientific research has shown that participation in sporting activities and Judo programs can have social, salutogenic and well-being benefits for people with disabilities, especially during the developmental age.

Keeping this evidence in mind, the **Italian Judo Wrestling Karate and Martial Arts Federation (FIJLKAM)**, in collaboration with the **European Judo Union (EJU)** and the **University of Rome "Foro Italico"**, organizes the Conference *"Beyond Limits: Exploring Adapted Judo - 1st Scientific-Professional Conference and Practical Demonstrative Activities of Adapted Judo"*.

The Conference aims to compare the scientific results of research activities together with the practical experiences of Adapted Judo Coaches to outline the best practices that can promote sporting accessibility and social inclusion of people with intellectual-relational disabilities.

TARGET

The Conference is free and open to FIJLKAM Coaches, giving priority access to the ones who have completed the FIJLKAM/FISDIR course. The Conference will also be streamed on the FIJLKAM website and on the EJU platform (simultaneous Italian-English-Italian translation).

REGISTRATIONS

The registration deadline is March 22. To register to the event fill out the Google Form at the following [link](#).

CONFERENCE LANGUAGES

Italian and English.

COLLABORATIONS

The conference is organized by the **Italian Judo Wrestling Karate and Martial Arts Federation (FIJLKAM)** in collaboration with the **European Judo Federation (EJU)** and the **University of Rome "Foro Italico"**.

PROGRAMME

The conference will be held on the **8th and 9th of April 2024** at the **FIJLKAM Olympic Center**, via dei Sandolini 79, 00122 Lido di Ostia, Rome. In the morning of April 8th (10.30/13.30) will be presented the scientific results of Adapted Judo for people with intellectual-relational disabilities in the Aula Magna. In the afternoon (15.00/18.00) will speak Judo experts and Coaches who work in this area. On April 9th will take place at the PalaFijlkam a practical demonstration of the FIJLKAM projects “Katautism” and “Simone’s Adventure” and a demonstration of an Adapted Judo competition with the new EJU regulation. On the second day all technicians will be able to actively participate (bring your judogi).

The ambition that drives the organizers is the ability to look at the future from a common perspective of inclusion and accessibility for people with intellectual-relational disabilities.

BEYOND LIMITS: EXPLORING ADAPTED JUDO				
1st SCIENTIFIC–PROFESSIONAL CONFERENCE AND PRACTICAL DEMONSTRATIVE ACTIVITIES OF ADAPTED JUDO
