1.9. COMPETITION FORMULA

The top three pairs with the maximum points in each kata will be awarded. The pair with the maximum point/less mistakes will be awarded the gold medal. The couple with the second least points/less mistakes will be awarded the silver medal, and the third – the bronze medal.

1.10. POINT SYSTEM

Each technique and open and closing ceremonies are evaluated with a maximum positive score of 10 points. The positive score is decreased by mistakes. The evaluation of every technique of Kata must consider the principle and the opportunity of execution: the evaluation (included the opening and closing ceremony) has to be comprehensive.

Definition of mistakes:

Forgotten technique/Major mistake – score is zero and the total score of the Kata is halved. If the forgotten technique/Major mistake is more than one, zero score will be given to the technique but the total score will be not halved again. If the halved total value is not a whole number, the score will be rounded up.

Big mistake: when the execution of the principle is incorrect (5 points are deducted and the maximum number of crosses is 1)

Medium mistake: when one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).

Small mistake: imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

The total score for each technique can be increased or decreased by 0,5 point adding in the column of the correction value a " + " or a " - ".

Maintal Kata Tournament 2024

For every technique without a big mistake, the minimum score has to be 4,5.

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of 5 judges:

- total value of big mistakes - wins who makes less mistakes
- if still equal, total value of medium mistakes will be considered - wins the pair who makes less mistakes
- if still equal, total value of small mistakes will be considered - wins the pair who makes less mistakes
- if still equal, the average score (evaluated until the second decimal place) of the whole Kata will decide. Wins the pair who has a better score.

If two pairs both are placed 3rd after the above-mentioned criteria, the Kata will be repeated in order to assign the medal.
