## 2. Judogi

### 2.1. JUDOGI

The competitions will be held in white and blue judogi. Judogi markings must be in accordance with the EJU regulations. In order to enforce the proper size and measurements of judogi as defined by the Competition Rules and fair conditions for athletes, the special measuring device SOKUTEIKI and a new procedure of judogi control will be used.

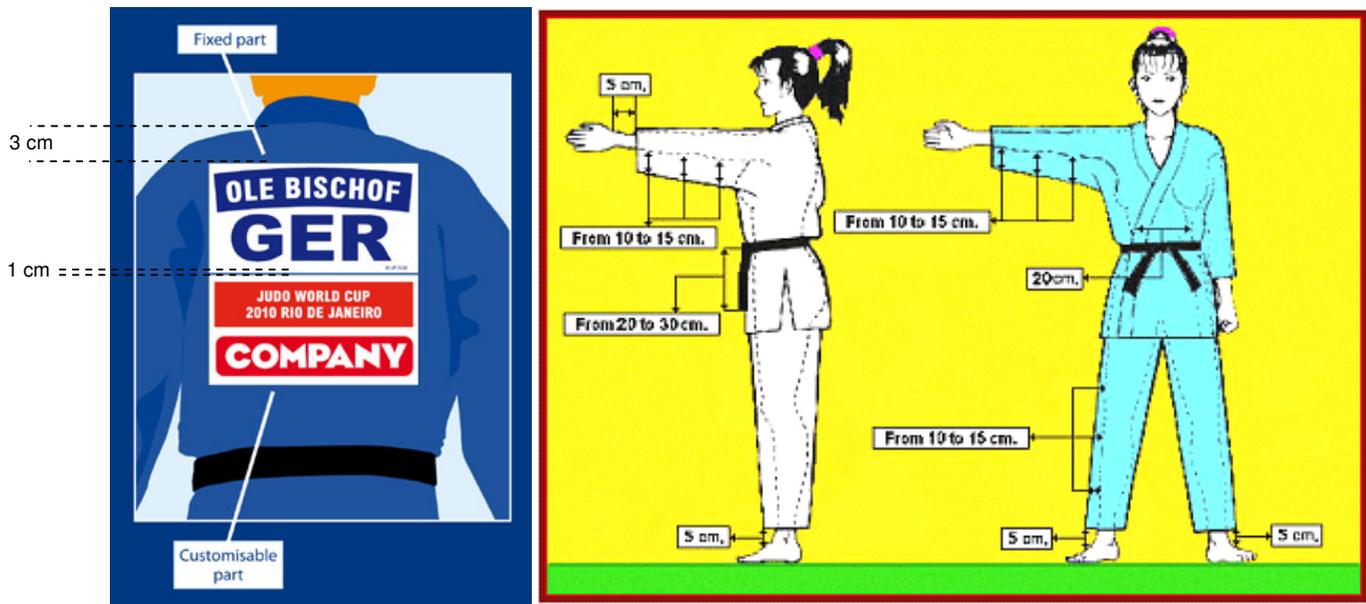

The women competitors must wear a white non-transparent T-shirt. The bras must not have any hard pieces. Long hair has to be bound with an elastic band. Make-up and jewellery are prohibited. The nails have to be cut short.

### 2.2. BACK NUMBERS

The top part of the back number consists of the Surname and Country of the athlete. **Should the athlete report to the competition without the official licensed EJU backnumber for Name and Country patch, the athlete will not be allowed to compete.** These back numbers can be ordered only from [www.mybacknumber.com](http://www.mybacknumber.com). It is important to note that production and delivery takes around 4 weeks. **It is the duty of the participating federation / athlete to order this part of the back number in time.**

The bottom part consists of the Sponsor and the Name of the Event, which will be distributed during the accreditation. These are ordered according to the numerical entries. Should the participating federation list more athletes than are actually participating, the federation will pay € 10 per extra athlete (2 back numbers at € 5 each).

**If the Judogi of the athlete does not comply with all the specifications of the EJU and the IJF, including the name and country patch, the athlete will be disqualified from the tournament.**

### 2.3. ACCEPTABLE MARKINGS

As advised during the EJU Ordinary Congress 2010, the EJU decided to allocate the space on the shoulder stripes only to EJU official suppliers, for all official EJU Tournaments (starting from the 15th of February). The other advertising spaces, as allocated by the IJF, remain as before. Therefore, Judogi with advertising of non-suppliers on shoulder stripes cannot be used. Judoka who like to compete must ensure that the Judogi conforms to these rules and therefore remove the non-EJU Official Supplier advertising or change the jacket. It is not allowed to tape or cover any non-authorized suppliers as this would affect the judogi design and the grip of the opponent.

## 4. Coaching

Since the 1st January 2009, when the relevant IJF rule entered into force, a permanent exchange of views and communication on this issue among the coaches and IJF representatives took place. The coach will remain seated on his chair throughout the contest..

#### Forbidden behavior of a coach:

- Any comments on or criticism of the referees' verdicts.
- Demanding correction of the referees' decisions

## 5. Anti-Doping (extracts from EJU Medical Handbook)

### 5.1. SELECTION OF ATHLETES

#### INDIVIDUAL CHAMPIONSHIPS

The Gold Medal Winner and another Drawn Medallist from the rest (TWO tests PER WEIGHT CATEGORY contested)

#### TEAM CHAMPIONSHIPS

One weight category is drawn for the Male and another for the Female. Every registered competitor of the team takes part to the draw lot. The Gold medal winner and another drawn medallist are tested. In the case of non-contestation of that weight category then the immediate superior weight category or immediate inferior of the same team will be tested (Two Tests for the Male and Two Tests for the Female).

### 5.2. SELECTION OF ATHLETES

The summons for the doping test is handed by an escort chief of chaperons or EJU doctor to the competitor selected to the doping control after her/his last fight, when the athlete is leaving the restricted area. Another system to give the notification to the athlete can be used if EJU Doctor, Sport Director in charge and Chief of Chaperons so decides. The Notification Form to the athlete has to be handed latest when the athlete comes down from the podium after the Award Ceremony. The escort writes the time on the form. The athlete must sign the form and have a copy. The escort gives the original one to the doping control staff, who records the actual time of arrival on the summons, signs it and verifies the identity of the competitor (ID card, passport ...). The Athlete has to register by maximum 60 min. after he/she has signed the notification form (including press) at the doping control station. The escort has to be physically beside the competitor and keep the competitor under observation (visible) all the time and accompany her/him to the waiting room at the Doping Control Station (DCS). Interruption of the doping control procedure is allowed only for victory ceremonies. During the interruption the athletes have to be under observation of the escorts at all times. A person may accompany the competitor to the Doping Control Station and may watch all procedures except urination.

### 5.3. SAMPLE TAKING PROCEDURE

Only one competitor at a time shall be called into the test room (= working room, consulting area).

The competitor shall select by her/himself a urine collection vessel and check it. After that she/ he goes into the toilet accompanied by DCO. She/he have to wash her/his hands **without soap** and dry them. Then he/she urinates a minimum of 90 ml into the collection vessel under observation of the Doping Control Officer who must be of the same gender as the competitor. After the collection vessel is full or minimum 90 ml urine has been produced she/he must empty her/his urinary bladder. Any clothing preventing the direct observation of the urination shall be removed.

When requested urine volume of 90 ml (minimum) has been provided, the competitor shall select a urine control kit, open and check it and pour by her/himself 30 ml (minimum) first into bottle B and then 60 ml (minimum) into bottle A. Few drops of urine shall remain in the collection vessel to check specific gravity. The competitor shall close the A and B bottles hermetically. The remaining urine is to be destroyed after sealing of bottles A and B. If the amount of urine is less than 75 ml, partial sample kit or temporary sealing is needed.

If the amount of urine is less than 90 ml, partial sample kit or temporary sealing is needed. The specific gravity must be 1.010 or higher (stick) or 1.005 or higher in case of refractometer has been used. If not, another sample is needed. *It is the responsibility of the Athlete to provide a Suitable Specific Gravity for Analysis. If his/her first Sample is too dilute, he/she should not need further hydration and therefore should avoid drinking as far as possible until a Sample with a Suitable Specific Gravity for Analysis is provided.*

The DCO should continue to collect additional Samples until the requirement for Suitable Specific Gravity for Analysis is met, or until the EJU doctor determines that there are exceptional circumstances, which mean that for logistical reasons it is impossible to continue with the Sample Collection Session. Such exceptional circumstances shall documented accordingly by the EJU Doctor. ( According to WADA IST : Number of urine samples is as many as needed to get suitable SG. There is no time limit, neither)

If it is determined that none of the Athlete's Samples meets the requirement for Suitable Specific Gravity for Analysis and the EJU doctor determines that for logistical reasons it is impossible to continue with the Sample Collection Session, the EJU doctor may end the Sample Collection Session. In such circumstances, if appropriate the ADO may **investigate a possible anti-doping rule violation**.

The competitor shall declare any medications, vitamins, herbal products, food supplements that were ingested in the previous 7 days. The competitor shall certify, by signing the protocol form, that the procedure has been performed according to the rules of EJU. Any irregularities e.g. problems to keep order etc. identified by the competitor, accompanying person, officers or EJU doctor shall be recorded.

The Doping Control Officer, accompanying person (if present) and EJU doctor (if present and seen the whole procedure) sign the Doping Control Record.

The competitor shall be given a copy of the Form, and EJU doctor an original and rest of the copies of the form. After the test procedure he/she and the accompanying person must leave the station.
