

Special Back Number (Back Identification) for World Judo Championships 2010 Tokyo

Participating federations are kindly asked to order the special back number for World Judo Championships 2010 Tokyo.

All the competitors who will compete in this event must have this special back number on their back of Judogi.

Please note that it is a different back number from the current IJF official back number.

This special back number is made especially for World Judo Championships 2010 Tokyo.

Sample for Back Number

Please carefully read through and follow the instruction below:

1. For your order, use the enclosed order form, fill out everything, and send it back to the organizer by 30 July 2010. Email: wjc2010tokyo@judo.or.jp
2. When the organizer receives your order form, the organizer will prepare the ordered back numbers right away. **Once the special back numbers are ready, it will be sent to the organizer's office.** It will take about 4 weeks from the acceptance of your order to the delivery of back numbers **to the organizer's office.**
3. **Participating delegations are kindly asked to bring Judogis of your competitors to the sewing room called 'AOZORA' on the 47th Floor of Keio Plaza Hotel (= one of the official hotels) on 5th, 6th and 7th September during working hours.**
(Detailed information for working hours will be given later on).

Please note that any existing old back numbers have to be removed from the Judogi before the special back number can be sewn on the back of Judogi.

The special back number cannot be placed on top of an old back number because it will cause a problem of gripping.

Current compulsory back number of IJF cannot be used for World Judo Championships 2010 Tokyo.

4. The cost of the production of the special back numbers and shipping charges will be covered by the organizer. However, if you do not order the special back number by 30th July 2010, you will be charged for express production and express shipping of the special back numbers .

If you order the back numbers for a second time due to a change of the competitors, the same rule will be applied, which means you must cover all the cost for the back numbers including express production and express shipping charges.

Thank you very much for your cooperation.
