2. Judges

2.1 COMPETITION FORMULA

Each Kata will be shared in two groups: the top three pairs with the maximum points on each group (number 6 pairs for each kata) will compete in the finals. The finals will be done on one mat. If the Number of pairs is less than 10, there will be only one group: the top 6 pairs of the group will compete in the final. For each Kata the pair with the maximum points will be awarded the gold medal, the couple with the second least points will be awarded the Silver medal; and the third, the Bronze medal.

2.2 POINT SYSTEM

The Judges are five and will award points on the official EJU scoring sheet. The total score of three Judges will be totalled to produce the final score: the maximum score and the minimum score will be cancelled.

Each technique and open and closing ceremonies are evaluated with a maximum positive score of 10 points. The positive score is decreased by mistakes. The evaluation of every technique of the Kata has to consider the principle and the opportunity of execution: the evaluation (included the open and close ceremony) has to be global.

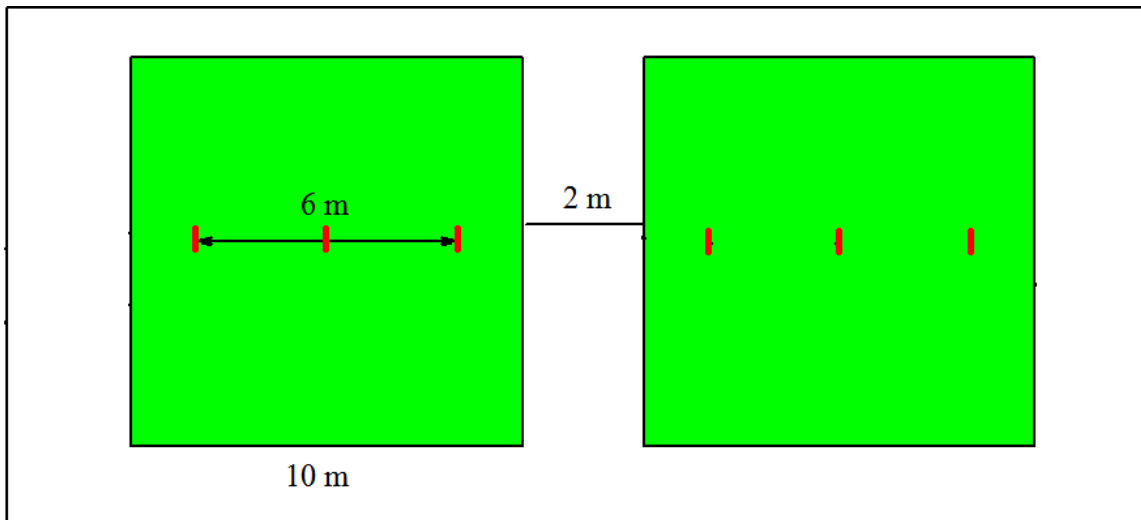

Definition of mistakes:

4th EJU Kata Tournament

- **Forgotten technique** – score is Zero and the total score of the Kata is halved. If the forgotten technique is more than one, zero score will be given to the technique but the total score will be not halved again. If the halved total value is not a whole number, the score will be rounded up.
 - **Big mistake:** when the execution of the principle is incorrect (5 points are deducted and the maximum number of crosses is 1)
 - **Medium Mistake:** when one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).
 - **Small mistake:** imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2). For every technique without a big mistake, the minimum score has to be 5. The evaluation of fluidity, course and rhythm represents the global vision of the whole Kata (included the rei):
 - If there is no big mistake in the Kata, the minimum result will be 5 and the maximum 10.
 - If there is a big mistake in the Kata (including the rei), the score must not be more than 5.
 - In case of a forgotten technique, the score or fluidity, course and rhythm is zero.
- In the Nage no Kata, right and left techniques will be evaluated globally (only one score).
In case of equal score between pairs, the following criteria will be applied:
- Total value of big mistakes - wins who makes less mistakes;
 - If still equal, total value of medium mistakes will be considered. - wins the pair who makes less mistakes;
 - If still equal, total value of small mistakes will be considered - wins the pair who makes less mistakes;
 - If still equal, the score of fluidity will decide. Wins the pair who has a better score.
- If two pairs are both placing 3rd place after the above mentioned criteria, the kata will be repeated in order to assign the medal.

2.3 COMPETITION AREA

The Competition area has dimensions max 10 x 10 metres and shall be covered by Tatamis or similar acceptable material, generally green in colour. The Competition area must be fixed to a resilient floor. When more adjoining competition areas are used, a common safety area of max 2 metres is necessary

A strip of visible colour adhesive tape, approximately 10 cm. wide and 50 cm. long, shall be fixed on the centre of the competition area 6 m. apart, to indicate the starting position of Tori and Uke. The centre of the Competition area shall be indicated with a strip adhesive tape of the same colour.

2.4 SYSTEM OF JUDGING

Each Kata shall be evaluated by five judges under the supervision of the EJU Kata Commission. The five judges will be positioned on the Shomen side and they will seat at about 1 m distance each other. The position of the five judges will be the same for all the competition.

4th EJU Kata Tournament

If one judge is temporary replaced, he will take place in the same original position when he re-enters the competition. A Judge cannot be a competitor.

The judges shall always be in their position before the arrival of the couple in the competition area. The couple enters the competition area at the opposite side of shomen in the centre, then they reach their corner.

The judge in the centre at shomen side gets up and, with tense arms and palms of the hands turned upward, invites the couple to enter the competition area. Each competitor reaches their position. After the bow, at the end of the Kata, the couple leaves the competition area walking until they reach the same side they entered.

2.5 LEVEL OF THE JUDGES

The contests will be judged by EJU and national federations qualified Kata Judges. Kata rules to be followed are as published by the EJU.

2.6 INJURY , ILLNESS and ACCIDENT

When Tori or Uke is unable to continue because of injury, illness or accident during the execution of the Kata, the couple will be considered out of competition.

In case of Minor injury like bloody wound, broken nail or a problem with contact lenses, according to the decision of the judges, the Kata execution will be stopped and the athlete will be assisted by a Doctor out of the competition area.

The competition will continue and the couple will repeat entirely the Kata soon after the last called couple. In case a new Minor injury happens at the same athletes during the second execution of Kata, the couple will be considered out of competition.

In the case that Minor injury happens after a forgotten technique, the couple will be considered out of competition.

2.7. JUDGES MEETING

All Judges are to arrive with the teams on Friday before the competition at the **Ge.Tur Tourist Village** to qualify to Judge at the Tournament.
