The Ranking:

The total of ranking points for each player will amount to the sum of his/her **five highest point scores** during **each 12 month period**:

- look back 12 months from today - five best results count 100%
- look back 13-24 months, from there - five best results count 50%

The points for each individual tournament will expire as follows:

- In the first 12 months after the tournament the points will count 100%
- After 12 months the points will be reduced to 50%
- After 24 months the points will be reduced to 0 and not accounted anymore

The dividing line is the beginning of the month in which the tournament (first competition day) was held. A minimum of one contest must be won in order to get points for a tournament; only for the World Championships will points be given for participation.

Additional Rules:

In case of equality of total points, the higher ranking will be decided by:

- The highest sum of the current points from all World Championships.
- The highest sum of the current points from all Grand Prix, Grand Slams and Masters
- The highest current points from one single event, then, if needed, the second highest, and so on
- If the competitors are still equal the decision will be taken by the IJF EC in case of Olympic Qualification.

⇒ The starting date: 1st January 2009 with 0 points for everyone ⇐
Starting 01 May 2009 the WRL will replace the current IJF Seeding List!
