

mybacknumber.com - handling self adhesive backnumbers

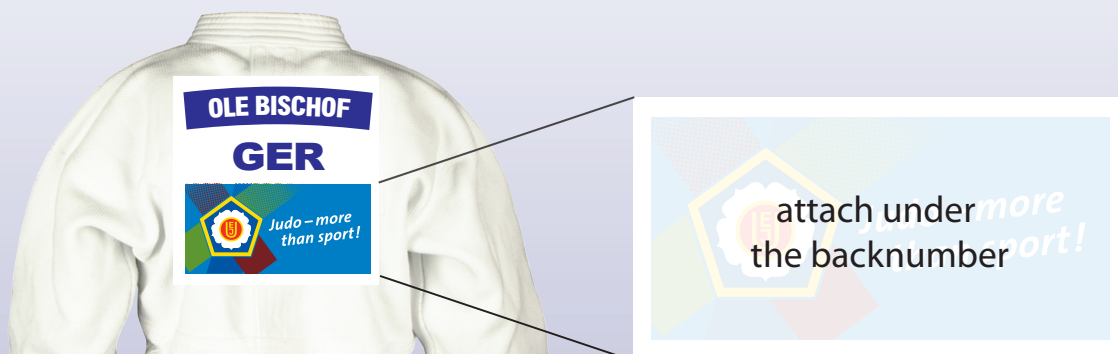

Ladies and Gentleman,

thank you for using our self adhesive backnumbers. We hope that your sponsors like their presence on the athlete's judogi. We wish all participants of the tournament the best of health and a successful weekend.

To get the best results with this product, please make sure to advice your athletes with the following:

1. only use on dry judogi, when attaching it
2. make sure to attach one night before usage
3. remove directly after the tournament to avoid any damage of the judogi

We'd highly appreciate if you could hand out a copy of this information to the athletes while giving them the self adhesive backnumbers.

Best regards
your mybacknumber.com Team
