

# IJF Direct Qualification List

## Olympic Games London 2012

**PROVISIONAL**

### Direct Qualification (252 places)

- For each male category 22 athletes from the top of the World Ranking List will be directly qualified (22 x 7 = 154 places)
- For each female category 14 athletes from the top of the World Ranking List will be directly qualified (14 x 7 = 98 places)
- The players are identified by following the ranking position in each category from top to bottom until 22 different countries are found (respectively 14 for women):
  - **When a nation has only one player ranked in this block:**  
this athlete is directly qualified in this category.  
(In case of injury of this athlete the Federation/NOC **cannot** replace this player.)
  - **When a nation has two or more athletes ranked in this block:**  
all of them are direct qualified. It is then up to the Federation/NOC to decide which one of these athletes will finally represent the country in the Olympic Games.  
(In case of injury of the selected player he/she **can be** replaced from Federation/NOC with one of the other direct qualified athletes in this category.)

In addition to the 252 Direct Qualification places in this document, the distribution of the 100 Continual Qualification places will be published later.

The final qualification lists will be sent out to all National Olympic Committees at 10<sup>th</sup> May 2012.

For feedback please contact [wrl@ijf.org](mailto:wrl@ijf.org)

05th May 2012
