## CONFERENCE/SYMPOSIUM GOALS

- ❖ To connect the science and research in Judo with Judo practice, i.e. to put the theories and research results directly in the function of development and the promotion of Judo
- ❖ To encourage collaboration and connection of all those who deal with and wish to engage in research in Judo and/or use the research results
- ❖ To establish a permanent network of researchers in Judo as well as those who use these results
- ❖ To educate coaches, competitors and other sport officials in Judo
- ❖ To highlight multidisciplinary aspects of Judo that can be studied not only from the standpoint of physical education and kinesiology, but also from the standpoint of anthropology, psychology, sociology, economics, management, history, education and other scientific disciplines
- ❖ To continuously improve the quality and value of our sport
