IJF President

 @MariusVizer

Dear Friends,

The warm breezes, white sandy beaches and incredible blue waters of one of the world's most famous resort, is beckoning all of the Kata Judo athletes of the world to celebrate the "Festival de Judo 2018" in no other than Cancun, Mexico.

Cancun is located in the Yucatán Peninsula in the Mexican state of Quintana Roo, with waters of the Caribbean washing its shores. This part of Mexico is known throughout the world as the "Riviera Maya". In pre-Colombian times this region was the capital of the ancient Maya culture.

Also located in this region of Cancun is the Great Mayan Barrier Reef, which is the second largest coral reef in the world after the Australian's Great Barrier Reef.

Cancun is home to three of the largest underwater cave systems in the world, and they are all in the Riviera Maya area. All of these once in a life time experience plus a great Judo competition is waiting for you this October.

October 15-16, 2018

12. COMPETITION RULES

The official Kata competition recognized for these championships, will be

- Nage-no-Kata;
- Katame-no-Kata;
- Ju-no-Kata
- Kime-no-Kata;
- Kodokan-Goshin Jutsu;

The IJF Kata Competition Rules will be used to judge the Kata with reference also to the official Kodokan Kata video.

Competition Formula:

There will be two World Championship held:

- 1) Category 1 for ages 35 years old and under (based on tori's age)
- 2) Category 2 for ages over 35 years old (based on tori's age)

Each Kata will be divided in two groups per category (as above): the top three couples with the maximum points from each group (that is 6 pairs for each Kata) will compete in the finals.

Three or four mats will be used for the preliminary round and three mats for the final.

If the number of pairs is less than 10, there will be only one group: the top 6 couples of the group will compete in the final. For each Kata the couple with the maximum points will be awarded the gold medal, the couple with the second maximum points will be awarded the silver medal; and the third, the bronze medal. The other finalists will be awarded with a certificate.

KATA WORLD CHAMPIONSHIPS 2018

Cancun – Mexico

Point System

There will be five judges who will award points on the official IJF scoring sheet. For each technique the total score of three judges will be totaled to produce the final score: the maximum score and the minimum score for each technique will be cancelled. The total score of the whole Kata will be the sum of the score totaled by the five judges.

The evaluation of every technique of Kata has to consider the principle and the opportunity of execution: the evaluation (included the open and close ceremony) has to be comprehensive.

Definition of mistakes:

- Forgotten technique

An omitted technique will score zero and in addition the total final score of the Kata couple will be halved. If more than one technique is forgotten the score for that technique will also be zero but the total final score for the couple will not be halved again. Finally, if the halved total final score is not a whole number then the score will be rounded up.

- Big mistake

When the execution of the principle is incorrect (5 points are deducted and the maximum number of crosses is 1).

- Medium Mistake

When one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).

- Small mistake

Imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

The total score for each technique can be increased or decreased by 0,5 point adding in the column of the "correction value" a "+" or a "-".

For every technique without a big mistake the minimum score has to be 4, 5.

In the Nage no Kata, right and left techniques will be evaluated comprehensively (only one score).

The couple enters and leaves the competition area at the opposite side of shomen: the start and end of Kata (opening and closing ceremony) is at 8 m or 10 m distance depending on the dimensions of the mat (bow to the mat). Any behavior of Tori or Uke inside the competition area that is contrary to the spirit of Kata will reduce the score of the ceremony.

In case of an equal score between pairs, the following criteria will be applied considering the scoring sheets of five Judges:

- Total value of big mistakes - wins who makes less mistakes;
- If still equal, total value of medium mistakes will be considered. - wins the pair who makes less mistakes;

- If still equal, total value of small mistakes will be considered – wins the pair who makes less mistakes;
- If still equal, the average score (evaluated until the second decimal place) of the whole Kata will decide. Wins the pair who has a better score.

If two pairs, both placing 3rd in the eliminatory (or 6th place in case of only 1group) are still equal after all the above mentioned criteria, both pairs will qualify for the final. If two pairs placing 1st, 2nd or 3rd during the final are still equal after the above mentioned criteria, the Kata will be repeated so that the medal can be assigned.

System of Judging:

Each Kata shall be evaluated by five judges under the supervision of the IJF Kata Commission.

The five judges will be positioned on the Shomen side and they will sit about 1m distance apart.

The rule of neutrality will be applied: cannot judge a pair of his nation.

The position of the five judges will be the same for all the competition. If one judge is temporary replaced, he will take place in the same original position when he re-enters the competition.

A judge cannot be a competitor.

The judges shall always be in their position before the arrival of the couple in the competition area.

The couple enters and leaves the competition area at the opposite side of shomen:

The judge in the center at shomen side gets up and, with tense arms and palms of the hands turned upward, invites the couple to enter the competition area.

Competition Area:

The Competition area dimension is 8 x 8 meters and shall be covered by Tatami or similar acceptable material.

The Competition area must be fixed to a resilient floor. When more adjoining competition areas are used, a common safety area of minimum 2 meters is necessary.

A strip of visible color adhesive tape, approximately 5 cm. wide and 50 cm. long, shall be fixed on the center of the competition area 6 m. apart, to indicate the starting position of Tori and Uke. The center of the Competition area shall be indicated with a strip adhesive tape of the same color.
