1.8.1. Duration and Scoring

The duration of each contest will be four (4) minutes for men and four (4) minutes for women. The contest shall be conducted by one (1) referee and two (2) judges of differing nationalities from the competing Athletes. The referee stands on the tatami with a radio communication system connected with the two judges at the mat table; the judges will assist with the system under supervision of the Refereeing Commission.

They will be assisted through the Computer-aided Replay (CARE) system. There are two scores in Judo: Waza-ari and Ippon. During the contest, three penalties can be awarded to competing Athletes.

The first two (2) penalties (Shido) will be followed by the last one, Hansoku-Make. In other words, two warnings can be given to competitors in Judo, after which an immediate disqualification occurs with the third penalty. Shidos do not give points to the other contestant. Only technical scores can give points on the scoreboard.

When both opponents have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in Golden Score regardless number of shido given. Golden Score can only be won by a technical score (waza-ari or ippon) or Hansokumake (direct or by accumulative shido). There is no time limit for Golden Score.

Mixed teams: The first team reaching the majority of wins is declared the winner (this is four (4) wins). The remaining contests will not be fought. If there are an equal number of wins (this is 3:3) at the end of the match, a draw is done from all categories regardless if the team has a player or not. The Athletes in the drawn category will refight a golden score contest.

The referee will then invite the present Athlete to wait at the edge of the competition area. The scoreboard will start to count down 30 seconds. If the opponent is still not present after the count down is over, the mat referee will invite the present Athlete to enter the competition area and be declared winner by Fusen Gachi. The Athlete forfeiting a match may participate in the Repechage provided the EJU Jury finds that certain criteria are fulfilled.

By default, all Gold Medallists and all Belarusian Athletes will be accompanied to the I-Zone for interviews. Press Attaches, Doping Control Officers and LANS Team members will be able to accompany Athletes into the I-Zone, if needed. I-Zone will end operations about 45 minutes after the competition ends.

The News Service team will also proactively request Athletes to come to the I-Zone in order to introduce interesting story angles to the media. Once in the I-Zone, the Athlete would be interviewed by the member of the press who requested the interview.

There will be no time limit on the length of the interview (within reason) and there will be no guarantee that it would be exclusive, meaning one or two journalists might want to interview the same Athlete.
